Pairing

Pairing description

Secondary pairing
(Mono)
2nd phone, GPS

Main pairing
(Mono/Stereo)
Telephone - TFT- GPS

Intercom pairing to:
Midland,
Midland Conference
OBI/Other brand

Main intercom pairing:
Midland (Music Share, Vox)
OBI/Other brand (Vox)

Intercom pairing to:
Midland,
Midland Conference
OBI/Other brand
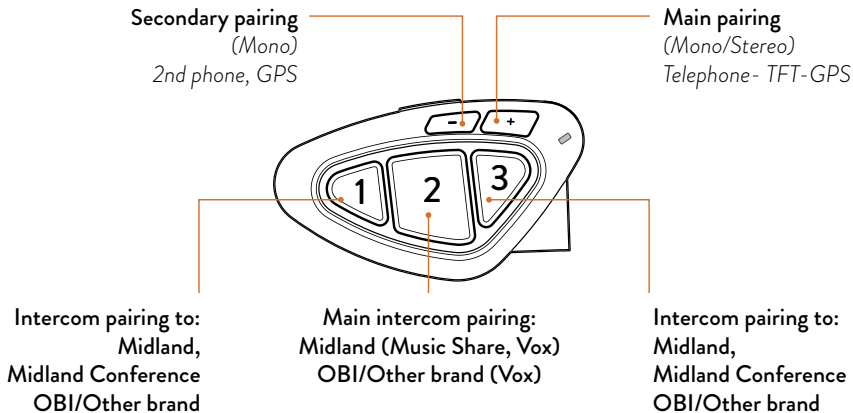

ATTENTION: to make pairings, you need to access Setup. If you press the key 2 for less than 7 seconds, the unit will turn on instead of entering Setup. In this case, repeat the procedure.

To enter Setup mode	**To exit Setup Mode Interrupt the Pairing**
Status: Power off	*Status: Setup mode and during pairing*
Press 7 seconds **7"**	Press twice **x2**
Lights up	

Pairing

Pairing to a phone/GPS/TFT

	Press 3 seconds
	Blinking
	Select device on the phone
	Steady 1 second, *pairing successful*

*Note: To pair another phone/GPS (in audio mono only) follow the same procedure but press **Vol-**.*

Note: it is possible to pair only 1 intercom (Midland, OBI or another brand) to each button. A new pairing will overwrite the previous one.

Midland/Obi intercom pairing

	OBi OBI intercom *(Midland, Cardo, Uclear)*
Press 3 seconds	
Blinking	Follow the **intercom** pairing procedure
Steady, (1 second)	
Pairing successful	

Note: to pair another OBI intercom, follow the same procedure but press another button.

Pairing to a different brand unit

|	
Press 3 seconds	
Blinking	Follow the **phone** pairing procedure
Steady (1 second)	

Note: to pair a second intercom of another brand, follow the same procedure but press another button. .

Pairing

Pairing 4 units in conference

Note: the Conference mode allows the simultaneous communication amongst units. All units must be paired in a "chain" configuration: the Backwards button of the first unit must be paired to the Forwards button of the second unit and so on. For a detailed description of the function watch the tutorial video.

Pairing reset

Status: Setup mode
	Press together 3 seconds
	Lights up
	Steady led
